

## American Louver Company® Shallow, Standard, Deep Cell, Par-Alum

American Louver Company® offers a complete line of aluminum parabolic louvers to meet any specification. This complete line of parabolic louvers is customized to your specific job or desired design. You simply provide the dimensions, cell pattern, flange and finish and American Louver does the rest. We also offer complete retrofit systems for easy lift-and-shift installation and a complete line of parabolics with the patented HEF tip blade.

- Custom manufactured in a wide variety of sizes and cellular patterns providing tremendous design flexibility
- High Visual Comfort Probability
- Flexible flange options can be supplied to fit virtually any fixture
- Precision mitered and rigidly interlocked to maintain parabolic contours
- Static free, easy to maintain and meet building code and fire regulations
